

2017 FOUNDER'S DINNER: A CELEBRATION TO REMEMBER!

We cannot begin to express our appreciation to each and every person who made our inaugural Founder's Dinner on November 3, 2017 the incredible success that it turned out to be! Perhaps it was the build-up of 20 years of dedicated service and good deeds, perhaps it's just because we're blessed to have such an amazing support group—whatever it is, we want to thank you! Whether it your time + energy, auction items + services, attendance or financial gifts, **your generosity has swelled our hearts and left us feeling overwhelmed with gratitude, thankfulness, and joy.** This 20-year anniversary means the world to us, and we couldn't have shared the evening with a more fun group of people. It is because of you that we continue to exist, and we look forward to the next 20 years of serving local wildlife and communities along our coast. **Because of your kindness, we were able to raise over \$ 25,000** to continue this work we love. That means hundreds of patients we see over the course of the year will continue to have a safe, warm, nurturing place to recover from their ailments, wounds, or other conditions.

Thank you, from all of us here at WCNC , for helping Sharnelle's legacy live on, and from the precious souls we work tirelessly each day to care for with hope of returning healthy and strong back into the Wilds.

Thank you, also, to those people and organizations who've made significant contributions over these past 20 years.
